

***my toughest critics:
management students on my workshop***

"... very innovative way of presenting things... interactive enough to hold attention"

*"... the workshop you did was my 1st experience of actual thinking... connects to your audience...
fantastic learning"*

"... interesting & interactive... very different style. showed us a true picture of the world outside..."

"... amazing thought process... examples were awesome"

"... one of the better faculties we have had till date"

*"... your philosophies are quite different... catches attention... you teach us
coming down to our age and explaining it"*

*"... the experience is really interesting mainly because it goes beyond definitions and bookish
knowledge... the new method of presentation is interesting"*

"... the entire idea was innovative"

"... you are too strict"
